

# Yorkshire Common Permit Scheme For Road Works and Street Works

Traffic Management Act 2004

## Format of Permit Reference Number

Yorkshire Common Permit Scheme: Advice Note No. One

<b>Document Name:</b>	<i>Format of Permit Reference Number</i>	<b>Document No:</b> YPAN/001
<b>Date Issued:</b>	<i>28 March 2012</i>	
<b>Date Revised:</b>		
<b>Related Documents:</b>		

**Background:**

The query was – What format should be adopted for the number to be displayed on site?

It is important that a consistent message is sent to all concerned. The options that appear to be possible are set out below:

Permit Number – 10546442

Works Reference – EC20210546442

Permit Application Number – EC20210546442.1

Permit Reference Number – EC20210546442.1.1

**Advice:**

It is appreciated that there appear to be various options. However, for consistency, the number to use would be the EC20210546442 in the example shown above. It is a means of site "identification" which a) should be simpler than needing to add all the .1's and b) will not need updating for variations.
